

**INDIAN PICTURE WRITING WHICH FOR HUNDREDS OF YEARS HAS DIRECTED THE INDIANS OF CALIFORNIA, OREGON, NEVADA AND ARIZONA TO THE MINERAL WATERS AND VOLCANIC MUD BATHS OF COSO HOT SPRINGS.**

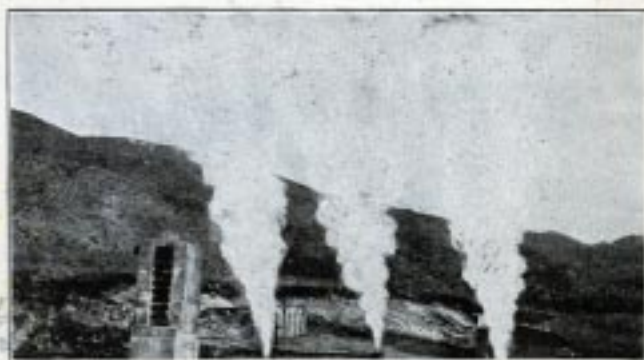

To the White Race the recent purchase of Coso Hot Springs from the United States Government, marks an epoch in the opening up of new opportunities for the restoration of health. The acquiring of this property might aptly be termed the rediscovery of Nature's Greatest Chemical Laboratory. Since the eruption of Coso Volcano ages ago, these surging, boiling, colored Springs and Steaming Mineral Lava Mud Vents, have remained a Mecca for the Piute Indians, whose Tribal method of healing their sick and afflicted will not be interfered with by the present management in the slightest.

Fearing that Nature's Great Secret of Health might be forever lost to their people, the sturdy forefathers of the Piute Indians carefully and skillfully inscribed on the granite walls, by the use of hieroglyphics and picture writing, signs directing the Indians to the Natural Steam and Lava Mud Baths at Coso Hot Springs. These ancient symbols are in a perfect state of preservation and can be readily traced for hundreds of miles over the principal trails leading from the North and East direct to the Hot Springs. Having fulfilled their mission of health, these signs appearing in large numbers, all terminate abruptly on the Volcanic Walls of the Box Canyons within sight of the Springs.

The traditional Secret Regard of the Indians for the healing waters of Coso, exist today as of old, for these are the only privately owned Springs in America, either hot or cold, yet visited by an entire Tribe of American Indians.

**Rheumatism, Stomach, Liver and Kidney Trouble Relieved at Coso Hot Springs**

Nature alone creates life in the beginning and Nature can best sustain and prolong the life she has created. Every intelligent person realizes that practically all disease is the result of a congested condition of either the Lungs, Liver and Kidneys or the Pores of the skin. These are the only four methods known for the elimination of toxins or poisons from the human system. Let one or more of these channels become impaired or fail to properly function and either an additional strain is placed upon the other organs, thus making possible the eventual breaking down of the tissue, or else the poisons that should be eliminated are absorbed into the system. Then Nature begins generating her Antitoxins that would otherwise quickly result in the death of the patient, fighting one poison or enemy with another. But why depend upon this automatic process of prolonging life under difficulties, when he who shapes the Destinies of Man has provided at Coso Hot Springs, Blood Red Mineral Water, Natural Steam and Volcanic Lava Mud Baths. This Red Sour Water so arouses your kidneys and liver that the uric acid and other toxins are rapidly eliminated. Inflammation and remaining poisons are thrown off as a result of the Steam and Lava Mud Baths through the pores of the skin by a sweating process. When artificial methods have failed you give Nature a chance with the "COSO CURE."

*Nature's Medicated Volcanic Steam soaring forth from the bowels of the earth at Coso. Used for Indian Steam Baths*
