

# Grandma's Pies

Grandma made such beautiful pie! One day I asked her "How do you get such beautiful pies with the crimps around the edge so even?"

It's a family secret!", she said. "So promise not to tell."

"I roll out the dough, then cut a bottom layer and carefully put it in the pie plate. Then I slowly pour the filling, making sure it is not too full. Next I cut a top layer and put it over the filling."

"Finally, I take out my teeth and just run them around the edge of the pie crust and they make the nicest even impressions you ever did see."
