

Owens Valley to be Feature of Broadcast

Owens Valley residents are reminded this week to listen to the Pacific Greyhound Lines radio program, "The Romance of the Highways," featuring Commander Scott. Next Sunday, Feb. 22, at 10:15 a.m., Commander Scott will devote his program to a description of Owens Valley between Little Lake and Bishop, according to F. W. Ackerman, Greyhound Lines president.

The program can be heard locally over station KFRE in Fresno. Commander Scott has been the star of this program for 11 years, and is heard over the Mutual Don Lee network, the Arizona network and other stations from Seattle to San Diego, and as far east as El-Paso, Texas, covering practically the entire west.

Commander Scott was a visitor in Inyo-Mono this week, gathering data for his Sunday broadcast.
